ishantonk.w@gmail.com

SKILLS

HTML & CSS
JavaScript
Node.js
React
Next.js
Flutter
SQL
Git
Firebase

HOBBIES

Reading self-improvement books, Badminton, Chess and Multiplayer action-adventure games.

PROFILE

Full-stack web developer with hands-on experience building scalable web applications — from dynamic e-commerce platforms to social media apps. Proficient in JavaScript, React, Next.js, Node.js, SQL, Prisma, Git, and Firebase. Equally comfortable working independently or in a team setting.

EXPERIENCE

Freelance Web Developer

Oct 2021 – Present (~3.5 yrs)

Self-employed · Remote

Next.js · React · Node.js · TypeScript · JavaScript · Prisma · PostgreSQL · Tailwind CSS

- Designed and delivered full-stack web applications for clients across education, e-commerce, and media sectors.
- Built an education e-commerce platform for Nirmaan Academy using Next.js, Prisma, PostgreSQL, and Tailwind CSS — covering course management, payments, and auth.
- Developed RESTful APIs and Node.js backends integrating third-party services including payment gateways (Razorpay) and authentication providers.
- Created reusable React and Next.js component libraries with TypeScript, improving code quality and development speed across projects.
- Implemented SSR/SSG strategies and real-time features, improving page load performance and SEO for client projects.

Front-End Developer Intern

Mar 2026 – Jun 2026

Zulitech Solution · Remote

- Developed responsive and user-friendly web interfaces using HTML, CSS, JavaScript, and React.
- Collaborated with designers and backend developers to implement new features and improve UI/UX.
- Built reusable React components to improve development efficiency and maintainability.
- Fixed UI bugs, optimized page performance, and ensured cross-browser compatibility.
- Participated in code reviews and followed Git-based version control workflows.

EDUCATION

Bachelors of computer applications, Sunder deep college of management technology

Ghaziabad

Intermediate Education, LSD DAV public school

Pilkhuwa

PROJECTS

Blog web app

A full-stack blog platform built with Next.js and Prisma ORM, featuring user authentication, rich-text post creation, and server-side rendering.

Technologies: Next.js, Prisma, PostgreSQL, Tailwind CSS

Features:

- Create, edit and delete blog posts with rich-text editor
- User authentication, profiles and session management
- SEO-optimized with SSR/SSG and category filtering

Spotify clone

A pixel-faithful Spotify clone built with Next.js, integrating the Spotify Web API for real-time music playback and playlist management.

Technologies: Next.js, Tailwind CSS, Spotify Web API

Features:

- Real-time music playback and controls via Spotify API
- Playlist and library management
- Responsive dark-themed UI replicating Spotify design
